

# Non-Contact Infrared Thermometer

## AR812

- Measurement Range: -18 C - 330 C
- Accuracy: -18 C to 330 C  $\pm 2$  C or  $\pm 2\%$  (whichever is greater)
- Response Time: 500 mSec, 95% response
- Ambient Operating range: 0 - 40 C
- Relative Humidity: 10-95% RH noncondensing, at up to 30 C
- Size: 184 x 49 x 35 mm
- Lightweight only 133 g
- Laser Pointing for a more accurate reading
- Auto Power Off to save battery life
- One handed operation

## VA6510

- Measurement Range: -20 - 270 C
- Ambient Temp Operating range: 0 - 50 C
- Resolution: 1 C
- Emissivity: 0.85
- Field of View: 6:1
- Size: 93 x 60 x 27 mm
- Very light weight, only 60g
- Ambient Temp. Measure
- Laser Pointing for a more accurate reading
- Auto Power Off to save battery life
- One handed operation
